netherlands centre for one health

10 years stronger together

Prof. Annemarie Rebel, chair of the NCOH Executive Board

Amsterdam UMC · Erasmus MC · Leiden University Medical Center · Radboudumc · UMC Utrecht · Universiteit Leiden · university of groningen · Utrecht University · WAGENINGEN UNIVERSITY & RESEARCH · National Institute for Public Health and the Environment, Ministry of Health, Welfare and Sport

Associate Partner

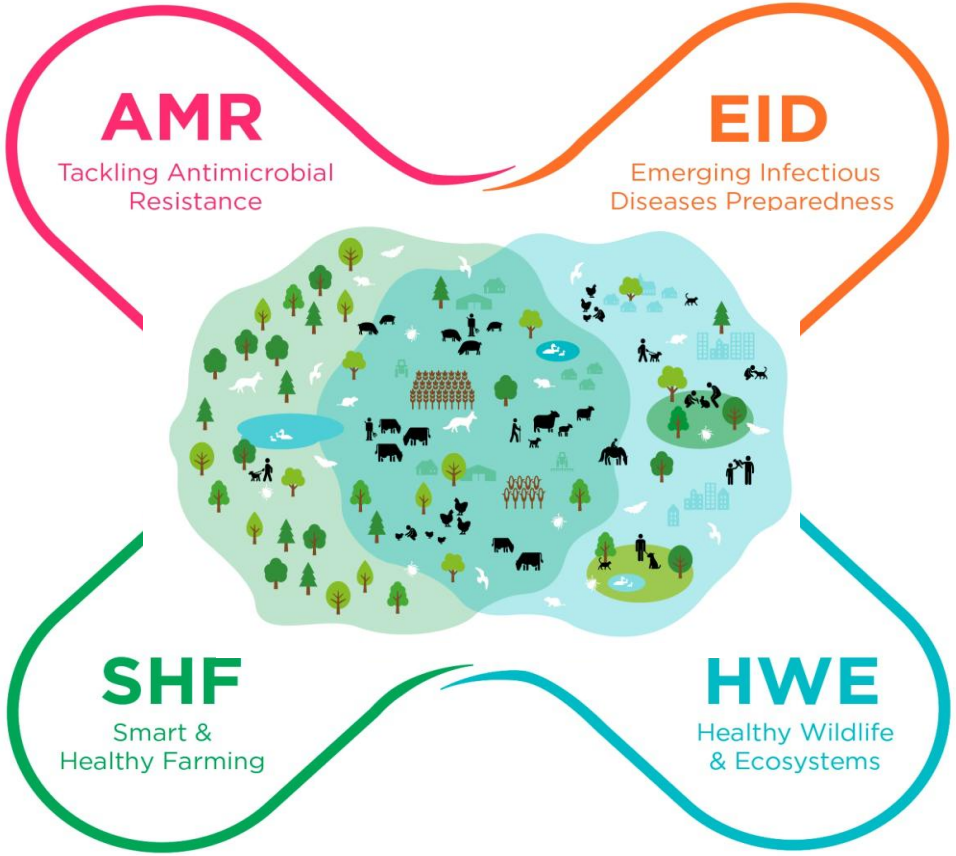

Netherlands Centre for One Health

- Virtual research and collaboration network
- 10 leading Dutch academic institutions + the National Public Health institute

1) One Health research network
   - 135 PIs, > 65 PhDs graduated
   - > 10 collaborative projects, > 56 million invested
2) Agenda setting, recognized partner by policy + funding organizations
3) Community building
   - Young NCOH

Our strategic vision -
From siloed research to an interdisciplinary approach

Research focus on the **ecotone** as the transitional area between human, animal and wildlife ecosystems.

Main focus on the Netherlands due to high population density and intensive livestock systems

Before: 4 individual pillars,
now: **interdisciplinary approaches**
